SOME GREAT REASONS TO CHOOSE US:

- Awarded the Best FBO in Latin America for ADS (Universal Aviation Costa Rica) in 2021 by ProPilot Magazine.
- We are an IS-BAH Stage II accredited ground handler who operates the country's first and only general aviation terminal (GAT) located at the airport.
- We use three ground agents per operation, more than any other handler in Costa Rica, as operational safety is our top priority.
- To facilitate and expedite your operational needs, we have tow bars and heads required for most private jets.
- MROC is the business and leisure aviation gateway; we can coordinate flight planning, helicopter/yacht transfers, ground transportation, hotel bookings, catering, and more.
