ARRIVAL PROCEDURES

PASSENGERS AND CREW ARRIVALS

GENERAL AVIATION TERMINAL FOR PASSENGERS

A Universal Aviation staff member will greet you on the ramp upon arrival. A staff member will pass out Arrival Cards to all passengers before disembarking the aircraft. Most of the details on the Arrival Card will be filled in by a staff member before the aircraft arrives. Passengers will need to sign their Arrival Cards upon arrival. All Gendec documents will be prepared by Universal prior to the flight's arrival.

After passengers disembark, they will be driven to the General Aviation Terminal (GAT) for CIQ processing in a Universal vehicle. Passengers must have their passports and Arrival Cards ready to show the CIQ officials. On average, the drive time from the aircraft to the GAT is 10 minutes. Access to the GAT must be reserved by 15:00 local time, a day before (24 hours), prior to the flight's scheduled arrival time.

GENERAL AVIATION TERMINAL FOR CREW

All Gendec documents will be prepared by Universal prior to the flight's arrival. A Universal agent will arrange a Shore-Pass (crew temporary landing permission) upon arrival. Crew members may clear CIQ in the GAT only when passengers are present. The crew will be accompanied by a Universal staff member from when they disembark the aircraft until they arrive at their ground transport vehicle.

LUGGAGE

HANDLED VIA A UNIVERSAL STAFF MEMBER AND PORTERS

Porters will transport luggage from the aircraft to General Aviation Terminal. Luggage is never left unattended. A staff member will assist with processing all luggage through security and customs. Upon clearing CIQ, everyone's luggage will be transported and loaded onto their ground transport vehicles.

PARKING

PARKING BAY

Parking spots are divided into overnight parking and fuel, where a hydrant system is available. Aircraft parking is available for a maximum of 30 days, including the arrival date. Fuel spots are only available for 2 hours after/before arrival/departure. All aircrafts may depart directly from their fuel spot. When departing from an overnight parking spot, a pushback is needed for all types of aircraft.

DISABILITIES

Depending on the passenger's mobility, they will be assisted by a Universal staff member and escorted to the GAT for CIQ clearance. Universal can arrange a wheelchair if necessary. To avoid delays, please request a wheel prior to arrival.

PETS

DOGS AND CATS ARE ALLOWED IN JAPAN

All pets will be transferred to the animal quarantine section at GAT or Main Terminal in a separate vehicle for inspection. The passenger must submit the necessary documents for importing the pet.

COVID-19 SAFETY

For Covid-19 updates and regulations, contact your Universal Aviation representative.
