## PASSENGERS AND CREW ARRIVALS

### IMMIGRATION AND CUSTOMS PROCESS

Upon arrival, crew and passengers will be greeted by a Universal staff member as they disembark the aircraft. All will be escorted to the customs and immigration area for processing. It takes approximately 15 minutes from the aircraft to the exit of the airport. We will keep in contact with your drivers and ensure you have a smooth pick-up.

All carry-on bags will be inspected, and passengers will be scanned with metal detectors. If any forbidden item is found, it will be kept by security agents, sealed, and returned to the owner outside the security area.

This process will take approximately 5 minutes until we reach the immigration counters. Once everyone clears immigration and customs, a Universal staff member will escort passengers and crew to their meeting point for ground transportation. The complete process will take around 15 minutes.

## DISABILITIES

Passengers with disabilities will have access to a ramp and an elevator for boarding and disembarking. Inform your Universal Aviation agent if you will require assistance for a passenger with a disability.

## LUGGAGE

### HANDLED VIA A UNIVERSAL STAFF MEMBER

All luggage must be offloaded from the aircraft upon arrival and checked in customs via Gate A1. A staff member will take the luggage to the customs area. We will wait for passengers to collect the luggage and pass through with them. A staff member will assist passengers and crew through the entire arrival process.

## PARKING

Parking is available upon request. Advance notice is needed to secure a parking permit. Before arrival, confirm your parking with a Universal staff member.

## PET ARRIVALS
