SOME GREAT REASONS TO CHOOSE US:

- We are the only dedicated General Aviation handler in Paros, and we're ready to support all types of requests including permits, ground transfers, hotels, catering, helicopter transfers, and VIP requests.
- While not an AOE, Paros accepts flights arriving from the EU and Schengen region. We can assist foreign-based operators with clearing through any of our EU Universal Aviation locations.
- On average, we can expedite passengers and crew in and out of the airport in 10 minutes for arrivals, and 15 minutes for departures.
- We have extensive experience in handling private jets on the Greek islands, and we can help with arranging overnight and long-term parking options at alternate airports during peak season through our Universal Aviation network.
